Dear Community,

During the difficult time we are facing as a school district, we are committed to maintaining our excellent Adult and Continuing Education program. Please consider signing up for a course-whether it is for your first time or it is something you do every semester.

As a lifelong educator, I know that learning does not stop after graduation. Take advantage of our outstanding facilities, expert faculty and our new and classic courses. Because learning is a lifelong process, the Board of Education and I share a vision of commitment to excellence on a community-wide basis. This program is designed to refresh and renew the spirit, so we urge you to sign up and enjoy. You will be glad you did!

Under a contingency budget, all programs must be self-sustaining. You might notice some price increases to cover the cost of facilities usage. We have worked hard to keep these costs down so that all of our community residents can enjoy and benefit from the wonderful opportunities offered by this department.

Sincerely yours,

Geoffrey N. Gordon, Ed. D.
